On 25 July and 27 August 2019, "Music Orchestra for peace" will be held as a summer school for students at Ashraf Denizhan Open Air Theatre/ENKA.

Music for peace was founded in 2005 by architect Mehmet Selim Baki which is his(Baki's) youth dream. As a result of their work with Yeliz Baki, it was converted to The Music Foundation for Peace in 2011. Today, the music children and Youth Orchestra and the music chamber for peace continue their work under the umbrella of "The Music Foundation for Peace".

ENKA SPORTS CLUB SUMMER SPORTS SCHOOL

1ST TERM June 24 — July 26, 2019

2ND TERM July 29 — August 30, 2019

ENKA SPORTS CLUB SUMMER SPORTS SCHOOL

Our ENKA Sports Club, which has been catering to Turkish sports since 1983 at Sadi Gülçelik Sports Complex. Our club has set out with the slogan of "Future for Youngs". For this purpose, we apply a quality education system for our club teams and sports schools in order to equip thousands of children with mentally and physically features.

Our club athletes, who became champions, record-holders and compete in the national team, were chosen from our summer and winter sports schools and trained in our infrastructure groups.

The children born in 2013–2005 who attend our sports schools which have had experience for 35 years, and in which academic trainers and physical education teachers have been working, adhere to general aims of the ENKA Sports Club. Our fundamental aims are:

- To develop their sports skills and moral values;
- To ensure that they avoid taking on harmful habits;
- To contribute their "physical, mental, and intellectual" development with regular and modern training methods by providing the opportunity to attend sports activities;
- To help them learn about "friendship, sharing, and rivalry" by experiencing them and to raise young, dynamic, and healthy individuals with character;
- To help uncover their "interests and abilities" and join the champions and record-holders of the future in their fields;
- To help the children from the sports schools who qualify to join the infrastructure teams become members of the senior teams.
