

ENKA SPORTS CLUB 2023 SUMMER SPORTS SCHOOLS

ENKA Sports Club which located in Sadi Gülçelik Sport Complex in İstinye has been serving to Turkish sports since 1983. Our club has set out with the slogan of "Future for Youngs". For this purpose, we apply a quality education system for our club teams and sports schools in order to equip thousands of children with mentally and physically features.

Our club athletes, who became champions, record-holders and compete in the national team, were chosen from our summer and winter sports schools and trained in our infrastructure groups. Our major aim is;

- To develop their sports skills and moral values;
- To ensure that they avoid taking on harmful habits;
- To contribute their "physical, mental, and intellectual" development with regular and modern training methods by providing the opportunity to attend sports activities;
- To help them learn about "friendship, sharing, and rivalry" by experiencing them and to raise young, dynamic, and healthy individuals with character;
- To help uncover their "interests and abilities" and join the champions and record-holders of the future in their fields;
- To help the children from the sports schools who qualify to join the infrastructure teams become members of the senior teams.
